**EUROPEAN FUND FOR THE INTEGRATION OF THIRD COUNTRY NATIONALS**

**2007-2013**

**COMMUNITY ACTIONS**

**CALL FOR PROPOSALS**

**2012-2013**

## **I. INTRODUCTION**

The European Fund for the Integration of third-country nationals (EIF) for the period 2007 to 2013 was established by the Council Decision of 25 June 2007 and is a part of the General Programme Solidarity and Management of Migration Flows (2007/435/EC).

The general objective of the instrument is to provide financial support for actions promoting integration of third country nationals<sup>1</sup> in the Member States of the European Union.

Through the EIF Community Actions programme financial support is given to actions of European interest. Such projects must be transnational and must be implemented by a European partnership.

To ensure the consistency of the European Union's response to the integration of third-country nationals, actions financed under the European Integration Fund should be specific and complementary to actions financed under the European Refugee Fund and the Structural Funds, in particular the European Social Fund.

### **More Information**

For a glossary of terms and definitions used in this call for proposals  
see ► **the Guide for Applicants - section I**

## **II. SCOPE OF THE CALL**

This call for proposals aims at selecting proposals to be co-funded by the European Commission within the framework of the EIF Community Actions programme.

In 2011 EIF Community Actions call for proposals, 9 projects were selected out of 122 applications received (7%).

### **1. Who may apply?**

The call for proposals is open to national, regional and local authorities, non-governmental organisations (NGOs), public or private bodies, university departments, research centres and international organisations.

- 1) Actions should be implemented through the coordination of a partnership. Since these actions are trans-national, the partnership must include at least four organisations (the applicant and three partners).
- 2) Applicants and their partners must be registered<sup>2</sup> in any of the 26 Member States participating in the European Fund for the Integration of third-country nationals (all the EU Member States except Denmark).

---

<sup>1</sup> Any person not holding the nationality of an EU Member State

<sup>2</sup> Not applicable for international organisations.

- 3) The applicant and partners must be from at least four different EU Member States<sup>3</sup>.
- 4) Proposals must be submitted by a legal person, i.e. the co-ordinator, who carries out the project with at least three other distinct legal entities.
- 5) The call for proposals is open to organisations working on a non-profit basis and with proven experience and expertise in the fields covered, taking into account their respective competences.

Actions may include associated partners from Denmark as well as third countries, but the cost of their participation must be financed entirely by non-EU resources.

#### ►► If you apply for a grant...

- ✓ Verify that a partnership of at least 4 organisations (applicant + 3 partners) is established.
- ✓ Verify that all participating organisations (applicant and partners) are distinct, and that they come from at least four different EU Member States participating in the European Fund for Integration of Third-Country Nationals (exceptions defined in points 2) and 3) above).
- ✓ Verify that all participating organisations (applicant and partners) are non-profit organisations.
- ✓ Verify that the project budget does not include any costs for organisations established in Denmark or non-EU countries.

## 2. Priorities

On the basis of the policy context and general objectives described in the Annual Work Programmes of the EIF Community Actions for 2012 and 2013, three priorities and related specific objectives will be pursued in this call.

Proposals must address at least one of the three priorities.

Proposals may address a combination of priorities 1, 2 and 3.

A proposed action may aim at several specific objectives listed under a given priority.

### **Priority 1: Local action to enhance migrants' economic, social, cultural and political participation**

#### **Specific objectives:**

- 1.1 Promote effective cooperation between national, regional and local administrations to support integration.
- 1.2 Promote the engagement of the receiving communities in interacting with the migrants, based on the mutual respect of their rights, obligations and different cultures.
- 1.3 Remove obstacles to migrants' political participation and increase their involvement in the formulation and implementation of integration and mainstream policies.
- 1.4 Ensure equal treatment and improve diversity management in public and private work places, service provision, education systems, media and other important arenas.

<sup>3</sup> An international organisation shall be deemed to be established in a Member State other than any Member State in which another partner is established.

## **Priority 2: Cooperation with source countries in fostering integration**

### **Specific objectives:**

- 2.1 Impact analysis of pre-departure information and training in order to support the integration process.
- 2.2 Promote measures to map, assess and validate migrants' qualifications and professional experiences.
- 2.3 Explore the links between the integration process and transnational mobility.

## **Priority 3: Governance and effectiveness of integration measures**

### **Specific objectives:**

- 3.1 Promote effective governance of integration strategies and programmes.
- 3.2 Promote gender mainstreaming in integration measures in order to ensure equal opportunities for disadvantaged migrant men or migrant women
- 3.3 Assess the effectiveness of integration measures, in particular measures targeting particularly vulnerable migrant groups, such as women, elderly, and children; including unaccompanied minors and victims of trafficking.

### **►► If you apply for a grant...**

- ✓ Verify that your proposal responds to at least one of the three priorities.
- ✓ Verify that the proposal addresses one or more specific objectives listed under a given priority.

## **3. Duration and start date**

The indicative duration of projects is 18 months.

All co-financed actions will have to start as soon as possible after the conclusion of a grant agreement.

A grant may be awarded for an action which has already started only where the applicant can demonstrate the need to start the action before the grant agreement is concluded. In such cases, expenditure eligible for financing may not have been incurred prior to the date of submission of the grant request, following publication of the call.

## **4. Budget and financial provisions**

The indicative grants budget available for the EIF Community Actions programmes 2012-2013 is EUR 14 million.

Actions are funded in the form of co-financing. The EU's financial contribution may not exceed 90 % of the total eligible cost of the action; the remaining 10% must be financed by the partnership or other sources.

The requested EU co-financing must be at least EUR 400.000 and not more than EUR 1.000.000.

Details of the cost of a proposed action must be provided in the Budget Form. Costs must be necessary and clearly related to the action.

The co-financing of an action under this call for proposals cannot include funds obtained from another programme financed from the budget of the European Union.

Where the application concerns grants for an action for which the amount exceeds EUR 500 000, an audit report produced by an approved external auditor shall be submitted. That report shall certify the accounts for the last financial year available. The thresholds shall apply to each participating organisation (applicant or partner).

Should a project be selected for funding, a grant agreement will be concluded between the applicant organisation and the European Commission. This agreement is a standard agreement, and its terms and conditions may not be altered or subject to negotiation. If the successful applicant is an international organisation, a contribution agreement or any other specific contract agreed between the international organisation concerned and the European Commission will be used instead of the standard grant agreement, provided that the international organisation in question offers the guarantees specified in article 53d (1) of the Financial Regulation.

### **More Information**

For additional information on financial aspects of grants, and for a model standard grant agreement see ► **the Guide for Applicants – sections II and IV (3)**

- ✓ Verify that the grant requested from the EU does not represent more than 90% of the estimated total eligible cost of the proposed action.

- ✓ Verify that you are aware of and understand the Commission's rules on eligible expenditure.
